

PUBLIC PARTICPATION APPENDIX

PROJECT:

AN INTEGRATED APPLICATION FOR A WASTE MANAGEMENT LICENCE AND AN ENVIRONMENTAL AUTHORISATION ASSOCIATED WITH THE PROPOSED S102 AMENDMENT OF AN EXISTING MINING RIGHT HELD BY VOLSPRUIT MINING COMPANY (PTY) LTD

January 2024

NOTE FOR THE FINAL SCOPING THIS APPENDIX WILL BE POPPULATED WITH THE EVIDENCE OF PUBLIC PARTICPATION CONDUCTED, THE UPDATED I&AP REGISTER AND COMMENTS RECEIVED.
--

TEXT FOR ADVERT THAT WILL APPEAR IN THE 22 JANUARY 2024 EDITION OF THE DAILY SUN, COUNTRY EDITION (REGIONAL NEWSPAPER) AND THE 24/25 JANUARY 2024 EDITION OF THE BOSVELD REVIEW (LOCAL NEWSPAPER)

NOTICE OF AN INTEGRATED APPLICATION FOR A WASTE MANAGEMENT LICENCE AND AN ENVIRONMENTAL AUTHORISATION ASSOCIATED WITH THE PROPOSED S102 AMENDMENT OF AN EXISTING MINING RIGHT HELD BY VOLSPRUIT MINING COMPANY (PTY) LTD, MOGALAKWENA LOCAL MUNICIPALITY, LIMPOPO PROVINCE

Notice issued in terms of the National Environmental Management Act 107 of 1998 (NEMA); the Environmental Impact Assessment Regulations, 2014 (as amended) (EIA Regulations); the National Environmental Management: Waste Management Act 59 of 2008 (NEMWA).

Volspruit Mining Company (Pty) Ltd (the Applicant) is the holder of a mining right over the farms Volspruit 326 KR and Portion 2 of the farm Zoetveld 294 KR situated in Mogalakwena Local Municipality, Limpopo Province. The approved mining right area covers 1335,28 hectares (ha). The minerals approved for mining include Platinum Group Metals, gold, nickel and copper. The mining right (LP30/5/2/2/1/10068MR) came into effect on 4 October 2017, the date on which the Environmental Management Programme (EMPr) (LP30/5/2/2/1/10068EM) was approved in terms of Section 39(4) of the Mineral and Petroleum Resources Development Act 28 of 2002 (MPRDA). The mining right was awarded for a period of 30 years. No mining has commenced as yet.

After issuing of the mining right, and based on various optimisation and environmental studies, the Applicant changed the layout and location of the waste rock residue stockpile, and the layout of the north pit and the tailings residue stockpile from what was previously approved. The eastern boundary of the north pit was modified as a part of the mine's optimisation studies. The western boundary of the north pit was moved further away from an adjacent wetland as an extra mitigation step, in accordance with the most recent delineation of the wetland. The proposed waste rock residue stockpile will comprise the overburden or natural rock from the area (waste rock) removed in order to access the mineral containing rock (ore) which will be processed for recovery of the saleable products. The tailings residue stockpile on Volspruit mine will comprise the left-over material after recovery of minerals (crushed and treated through the mineral recovery plant), commonly referred to as tailings.

The activities that will form part of the proposed extended mining right area will be located in the Portions RE of 4, 5, 18, 27 (of 4), 30 (of 4), 52 (of 4), 53 (of 4), 54 (of 4) and the Remaining Extent of the Farm Grasvally 293 KR and portions 1, 3, 4 and the Remaining Extent of the farm Zoetveld 294 KR. The extended footprint required for the proposed activities is 2746.79 ha.

The proposed change to the mining right requires approval of an Environmental Authorisation from the Department of Mineral Resources and Energy in terms of the NEMA and conditions included in the approved EMPr. A Waste Management License, in terms of the NEMWA, needs to be obtained for the establishment of the waste rock residue stockpile and the tailings residue stockpile. The Applicant will furthermore be required to submit an application in terms of Section 102 of the MPRDA to the amendment the mining right to include the additional area needed for optimisation.

The Applicant appointed EcoPartners (Pty) Ltd (EcoPartners) as the independent Environmental Assessment Practitioner to conduct a Scoping and Environmental Impact Report process required as part of the Environmental Authorisation and Waste Management Licence application. Solarys (Pty) Ltd (Solarys) was appointed by EcoPartners to conduct the public participation process required as part of the S&EIR.

**INVITATION TO REGISTER AS AN INTERESTED AND AFFECTED PARTY (I&AP),
TO COMMENT AND / OR ATTEND A PUBLIC OPEN DAY**

Stakeholders are invited to register as I&APs and to lodge written comments on the Draft Scoping Report by Friday, 23 February 2024. The Draft Scoping Report will be available for public review and comment from Monday, 22 January to Friday, 23 February 2024 (30 days). The Report can be accessed at the EcoPartners website at www.ecopartners.co.za. A printed copy of the Report is available at the Mogalakwena Library, 55 Van Riebeeck Street, Mokopane.

I&AP's are invited to attend a Public Open Day as indicated below:

Date and time: Saturday, 3 February 2024, any time between 09h30 and 16h30
Mokopane (Potgietersrus) Bowls Club, 20 Wilge St, Chroompark, Mokopane, GPS Coordinates:
24°12'36.0"S 28°59'17.6"E.

TEXT FOR ADVERT THAT WILL APPEAR IN THE 24/25 JANUARY 2024 EDITION OF
THE BOSVELD REVIEW (LOCAL NEWSPAPER)

KENNISGEWING VAN 'N GEÏNTEGREERDE AANSOEK OM 'N AFVALBESTUURS-LISENSIE EN OMGEWINGSMAGTIGING
GEASSOSIEER MET DIE VOORGESTELDE A102-WYSIGING VAN 'N BESTAANDE MYNREG DEUR VOLSPRUIT MINING
COMPANY (EDMS) BPK, MOGALAKWENA PLAASLIKE MUNISIPALITEIT, LIMPOPO PROVINSIE.

*Kennisgewing uitgereik ingevolge die Wet op Nasionale Omgewingsbestuur 107 van 1998 (NEMA); die
Omgewingsimpakbepalingsregulasies, 2014 (soos gewysig) (OIB-regulasies); die Wet op Nasionale Omgewingsbestuur:
Afvalbestuur 59 van 2008 (NEMWA).*

Volspruit Mining Company (Edms) Bpk (die Aansoeker) is die houer van 'n mynreg oor die plase Volspruit 326 KR en Gedeelte 2 van die plaas Zoetveld 294 KR geleë in Mogalakwena Plaaslike Munisipaliteit, Limpopo Provinsie. Die goedgekeurde mynreggebied beslaan 1335,28 hektaar (ha). Die minerale wat vir mynbou goedgekeur is, sluit in Platinum-groep metale, goud, nikkel en koper. Die mynreg (LP30/5/2/2/1/10068MR) het op 4 Oktober 2017 in werking getree, die datum waarop die Omgewingsbestuursprogram (OBPr) (LP30/5/2/2/1/10068EM) goedgekeur is ingevolge Artikel 39(4) van die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne 28 van 2002 (MPRDA). Die mynreg is vir 'n tydperk van 30 jaar toegeken. Geen mynbou het nog begin nie.

Na die uitreiking van die mynreg, en gebaseer op verskeie optimerings- en omgewingstudies, het die Aansoeker die uitleg en ligging van die nie-ertsbevattende -uitskothoop, en die uitleg van die noordelike put en die verwerkte materiaal uitskothoop verander van wat voorheen goedgekeur is. Die oostelike grens van die noordelike put is gewysig as deel van die myn se optimaliseringstudies. Die westelike grens van die noordelike put is verder weg van 'n aangrensende vleiland geskuif as addisionele mitigering, in ooreenstemming met die mees onlangse vleiland studie. Die voorgestelde nie-ertsbevattende uitskothoop sal die materiaal of natuurlike gesteentes bevat wat verwyder moet word om toegang tot die mineraalbevattende gesteentes (erts), wat verwerk sal word vir die herwinning van die verkoopbare produkte, moontlik te maak. Die verwerkte materiaal uitskothoop op Volspruit-myn sal uit die materiaal bestaan na herwinning van minerale uit die erts (gebreek en herwin deur die mineraalherwinningaanleg), wat algemeen na verwys word as uitskot.

Die aktiwiteite wat deel sal vorm van die voorgestelde uitgebreide mynreggebied sal in die Gedeeltes RE van 4, 5, 18, 27 (van 4), 30 (van 4), 52 (van 4), 53 (van 4), 54 (van 4) en die Restant van die Plaas Grasvally 293 KR wees, en gedeeltes 1, 3, 4 en die Restant van die plaas Zoetveld 294 KR. Die uitgebreide area benodig vir die voorgestelde aktiwiteite is 2746,79 ha.

Die voorgestelde verandering aan die mynreg vereis goedkeuring van 'n Omgewingsmagtiging van die Departement van Minerale Hulpbronne en Energie ingevolge die NEMA en voorwaardes ingesluit in die goedgekeurde OBPr. 'n Afvalbestuurslisensie, in terme van die NEMWA, moet verkry word vir die vestiging van die uitskothope. Daar sal verder van die Aansoeker verwag word om 'n aansoek ingevolge Artikel 102 van die MPRDA in te dien vir die wysiging van die mynreg om die bykomende area wat nodig is vir optimalisering in te sluit.

Die Aansoeker het EcoPartners (Edms) Bpk (EcoPartners) aangestel as die onafhanklike Omgewingsevalueringspraktisyn om 'n Konsep- en Omgewingsimpakstudie proses uit te voer, wat vereis word as deel van die Omgewingsmagtiging en Afvalbestuurslisensie-aansoek. Solarys (Edms) Bpk (Solarys) is deur EcoPartners aangestel om die openbare deelnameproses uit te voer wat vereis word as deel van die Konsep- en Omgewingsimpakstudie proses.

**UITNODIGING OM AS 'N BELANGHEBBENDE EN GEAFFEKTEERDE PARTY (B&GP) TE REGISTREER,
OM KOMMENTAAR TE LEWER EN/OF 'N PUBLIEKE OPEDAG BY TE WOON**

Belanghebbenes word uitgenooi om as B&GP te registreer en skriftelike kommentaar op die Konsepverslag in te dien teen Vrydag, 23 Februarie 2024. Die Konsepverslag sal beskikbaar wees ter inligting vir publieke deelname en kommentaar vanaf Maandag, 22 Januarie tot Vrydag, 23 Februarie 2024 (30 dae). Die verslag kan verkry word by die EcoPartners-webwerf by www.ecopartners.co.za. 'n Gedrukte kopie van die Verslag is beskikbaar by die Mogalakwena-biblioteek, Van Riebeeckstraat 55, Mokopane.

Skandeer die QR-
kode om toegang tot
dokumente te kry

B&GP's word uitgenooi om 'n Openbare Opedag by te woon soos hieronder aangedui:

Datum en tyd: Saterdag, 3 Februarie 2024, enige tyd tussen 09h30 en 16h30
Mokopane (Potgietersrus) Rolbalklub, Wilgestraat 20, Chroompark, Mokopane,
GPS-koördinate: 24°12'36.0"S 28°59'17.6"E.

**VIR MEER INLIGTING, OM AS 'N B&GP TE REGISTREER EN OM KOMMENTAAR TE
KOMMENTAAR KONTAK ASSEBLIEF:**

Email subject:

Volspruit Mining Company (Pty) Ltd: Integrated Application for a Waste Management Licence and Environmental Authorisation, proposed S102 amendment of existing mining right

Email text:

Dear Sir/Madam

Please see attached notice relating to an application for a Waste Management Licence and an Environmental Authorisation associated with the proposed section 102 amendment of an existing mining right held by Volspruit Mining Company (Pty) Ltd, Mogalakwena Local Municipality, Limpopo Province

A Draft Scoping Report relating to the application is available for download from the EcoPartners website at www.ecopartners.co.za.

You are also invited to attend a Public Open Day on Saturday, 3 February 2024 any time between 09h30 and 16h30, Mokopane (Potgietersrus) Bowls Club, 20 Wilge St, Chroompark, Mokopane , GPS Coordinates: 24°12'36.0"S 28°59'17.6"E.

Should you wish to obtain more information or comment, please contact me at 076 677 1235 or email: info@solarys.co.za.

Kind regards,
Ursula Pape

DMRE REF: LP30/5/2/2/1/10068MR
EMPr REF: LP30/5/2/2/1/10068EM

Dear Sir/Madam

NOTICE OF INTEGRATED APPLICATION FOR A WASTE MANAGEMENT LICENCE AND AN ENVIRONMENTAL AUTHORISATION ASSOCIATED WITH THE PROPOSED SECTION 102 AMENDMENT OF AN EXISTING MINING RIGHT HELD BY VOLSPRUIT MINING COMPANY (PTY) LTD, MOGALAKWENA LOCAL MUNICIPALITY, LIMPOPO PROVINCE

Notice issued in terms of the National Environmental Management Act 107 of 1998 (NEMA); the Environmental Impact Assessment Regulations, 2014 (as amended) (EIA Regulations); the National Environmental Management: Waste Management Act 59 of 2008 (NEMWA)

INTRODUCTION AND PROJECT OVERVIEW

Volspruit Mining Company (Pty) Ltd (the Applicant) is the holder of a mining right over the farms Volspruit 326 KR and Portion 2 of the farm Zoetveld 294 KR situated in Mogalakwena Local Municipality, Limpopo Province (see attached locality map). The approved mining right area covers 1335,28 hectares. The minerals approved for mining include Platinum Group Metals, gold, nickel and copper. The mining right (LP30/5/2/2/1/10068MR) came into effect on 4 October 2017, the date on which the Environmental Management Programme (EMPr) (LP30/5/2/2/1/10068EM) was approved in terms of Section 39(4) of the Mineral and Petroleum Resources Development Act 28 of 2002 (MPRDA). The mining right was awarded for a period of 30 years. No mining has commenced as yet.

After issuing of the mining right, and based on various optimisation and environmental studies, the Applicant changed the layout and location of the waste rock residue stockpile (WRRS), and the layout of the north pit and the tailings residue stockpile (TRS) from what was previously approved. The eastern boundary of the north pit was modified as a part of the mine's optimisation studies. The western boundary of the north pit was moved further away from an adjacent wetland as an extra mitigation step, in accordance with the most recent delineation of the wetland. The proposed WRRS will comprise the overburden or natural rock from the area (waste rock) removed in order to access the mineral containing rock (ore) which will be processed for recovery of the saleable products. The TRS on Volspruit mine will comprise the left-over material after recovery of minerals (crushed and treated through the mineral recovery plant), commonly referred to as tailings.

The proposed change to the mining right requires approval of an Environmental Authorisation from the Department of Mineral Resources and Energy (DMRE) in terms of the NEMA and conditions included in the approved EMPr. A Waste Management License, in terms of the NEMWA, needs to be obtained for the establishment of the WRRS and the TRS. The Applicant will furthermore be required to submit an application in terms of Section 102 of the MPRDA to the amendment the mining right to include the additional area needed for optimisation.

The Applicant appointed EcoPartners (Pty) Ltd (EcoPartners) as the independent Environmental Assessment Practitioner to conduct a Scoping and Environmental Impact Report process required as part of the Waste Management Licence and Environmental Authorisation application. Solarys (Pty) Ltd (Solarys) was appointed by EcoPartners to conduct the public participation process required as part of the Scoping and Environmental Impact Report (S&EIR) process.

PROJECT LOCATION AND PROPOSED LAYOUT CHANGES

The proposed change to the mining right area to include mining along the north-eastern boundary of the north pit must be authorised by the DMRE in terms of the NEMA and Conditions 1.2 and 1.3 of the approved EMPr prior to commencement of any activities. The activities that will form part of the proposed extended mining right area will be located in the Portions RE of 4, 5, 18, 27 (of 4), 30 (of 4), 52 (of 4), 53 (of 4), 54 (of 4) and the Remaining Extent of the Farm Grasvally 293 KR and portions 1, 3, 4 and the Remaining Extent of the farm Zoetveld 294 KR (see attached locality map). The extended footprint required for the proposed activities is 2746.79 ha.

Figure 1 illustrates the proposed change to the north pit layout to include a small additional area that was previously owned by a third party.

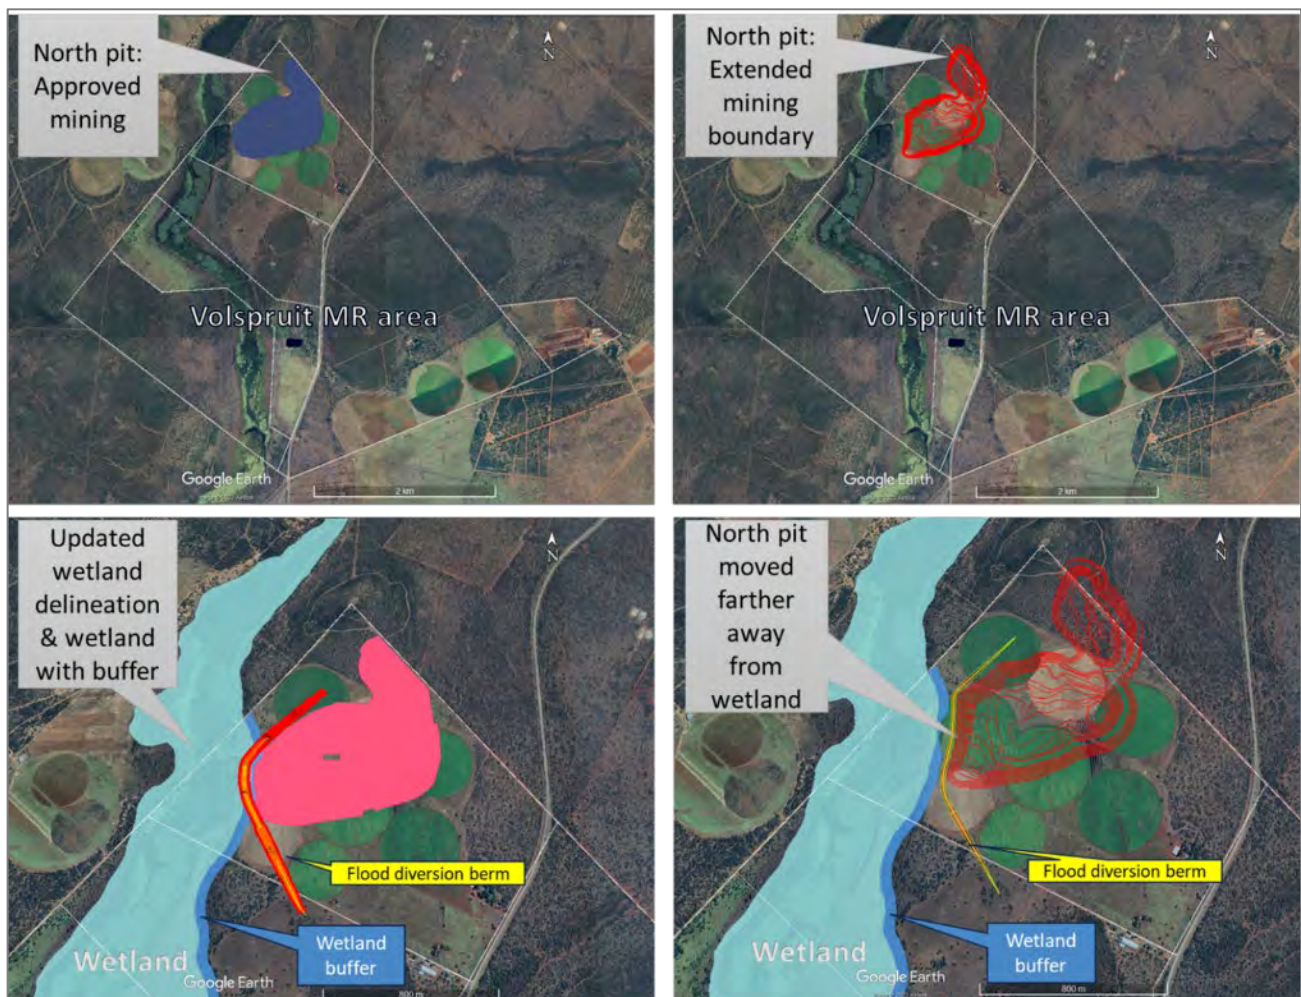

Figure 1: Proposed change in north pit layout

Source: Google Earth Imagery & EcoElementum Design Drawings, 2021 & 2023

The new layout for the WRRS and the proposed new layout and location of the TRS site differ from the sites demarcated in the approved EMPr of the Volspruit mine (Figure 2). The establishment of these facilities requires authorisation in terms of the NEMWA as highlighted in Condition 2.26 of the approved EMPr.

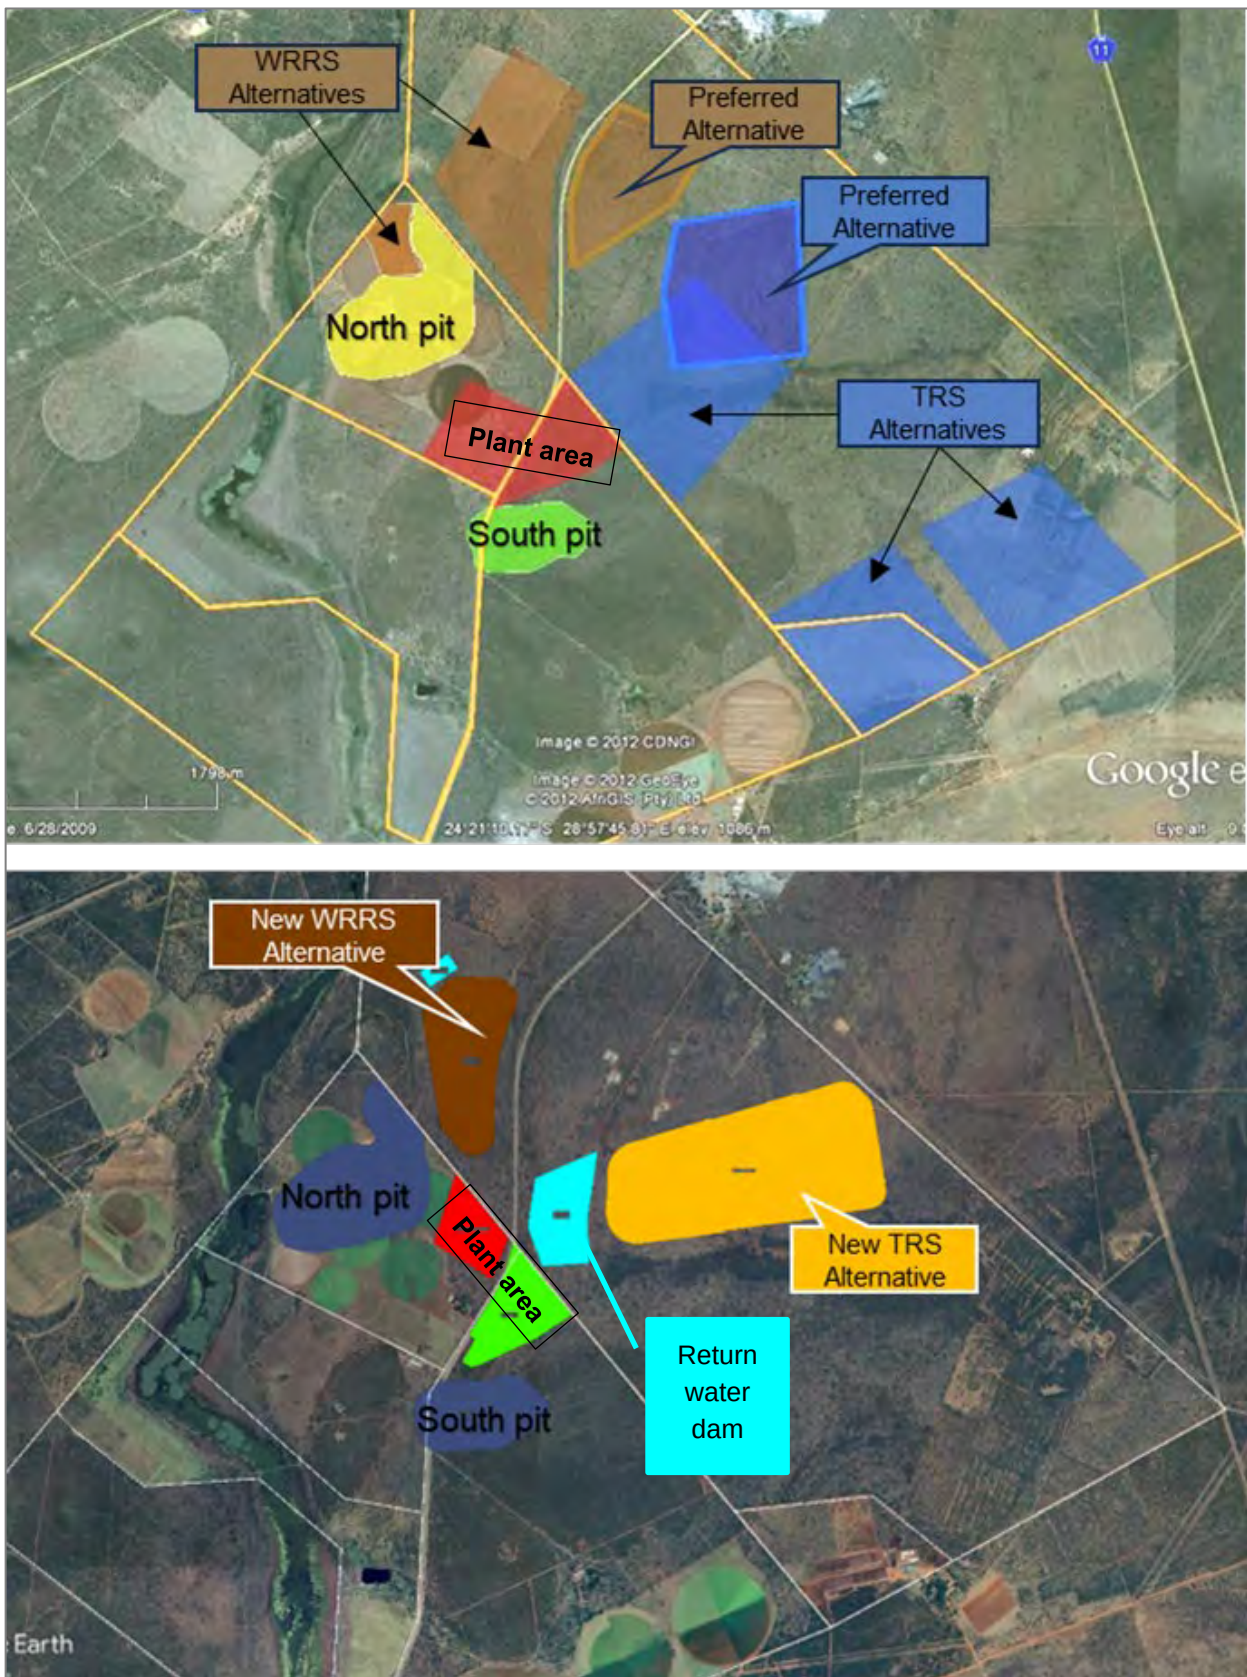

Figure 2: Comparison between the areas demarcated in the approved EMPr (top image) and the new alternative areas proposed (bottom image)

Source: EScience, Volspruit Environmental Management Programme, 2014 & Applicant, 2022

S&EIR AND PUBLIC PARTICIPATION PROCESS

The S&EIR will be carried out in accordance with the EIA Regulations. The public participation process will be carried out in accordance with Regulations 39 – 44 of the EIA Regulations. S&EIR is currently in the 30-day public review and comment phase (see Figure 3), the current phase is indicated with an orange arrow. Following the comment period, the Final Scoping Report will be submitted to the DMRE for review and approval of whether the impact assessment phase may proceed.

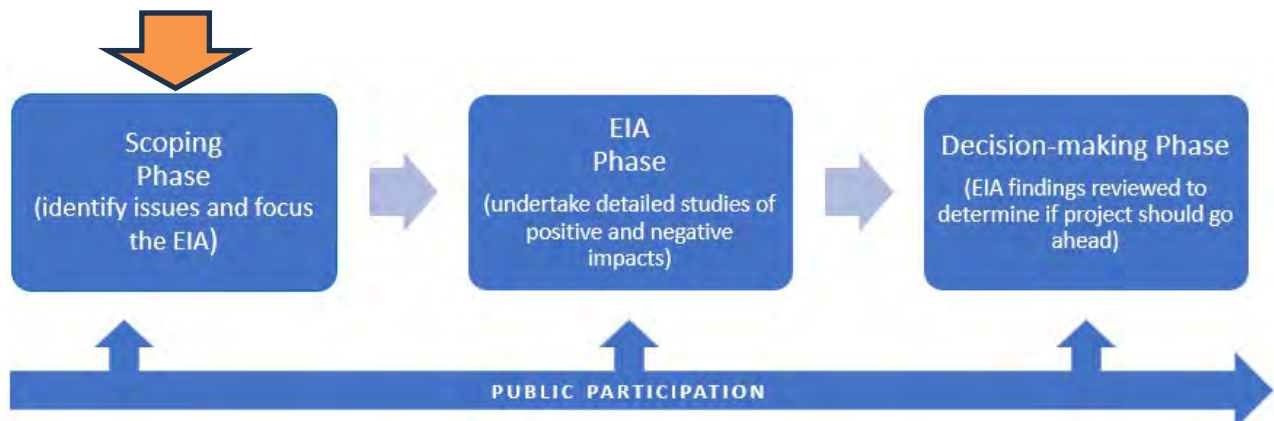

Figure 3: S&EIR Phases

INVITATION TO REGISTER AS AN INTERESTED AND AFFECTED PARTY AND TO COMMENT

Stakeholders are invited to register as Interested and Affected Parties (I&APs) and to lodge written comments on the Draft Scoping Report by Friday, 23 February 2024. The Draft Scoping Report will be available for public review and comment from Monday, 22 January to Friday, 23 February 2024 (30 days).

The Report can be accessed at the EcoPartners website at www.ecopartners.co.za. A printed copy of the Report is available at the Mogalakwena Library, 55 Van Riebeeck Street, Mokopanes.

Scan QR code to
view documents

Stakeholders and I&APs are invited to comment on the proposed applications as follows:

- By providing comments on the proposed project, Draft Scoping Report by contacting the Public Participation Office telephonically, by email, WhatsApp, SMS, post; or
- By completing a Registration and Comment Sheet which is available at the above public places, on the EcoPartners website (www.ecopartners.co.za) or on request from the Public Participation Office.

INVITATION TO ATTEND A PUBLIC OPEN DAY

Stakeholders are invited to attend a public open day as indicated below:

Date: Saturday, 3 February 2024

Time: Any time between 09h30 and 16h30

Venue: Mokopane (Potgietersrus) Bowls Club, 20 Wilge St, Chroompark, Mokopane , GPS Coordinates: 24°12'36.0"S 28°59'17.6"E.

Objectives of the public open day are:

- To share information about the proposed application and S&EIR processes; and

- For I&APs to ask questions, raise issues of concern, contribute comments and/or suggestions for enhanced benefits.

CONCLUSION

We would like to encourage you to actively participate in the S&EIR process. We would be happy to respond to any questions you may have, or to provide you with more information. Should you wish to obtain more information, or wish to comment, please contact the Public Participation Office via the following means:

Cell/SMS/WhatsApp: 076 677 1235

E-mail: info@solarys.co.za

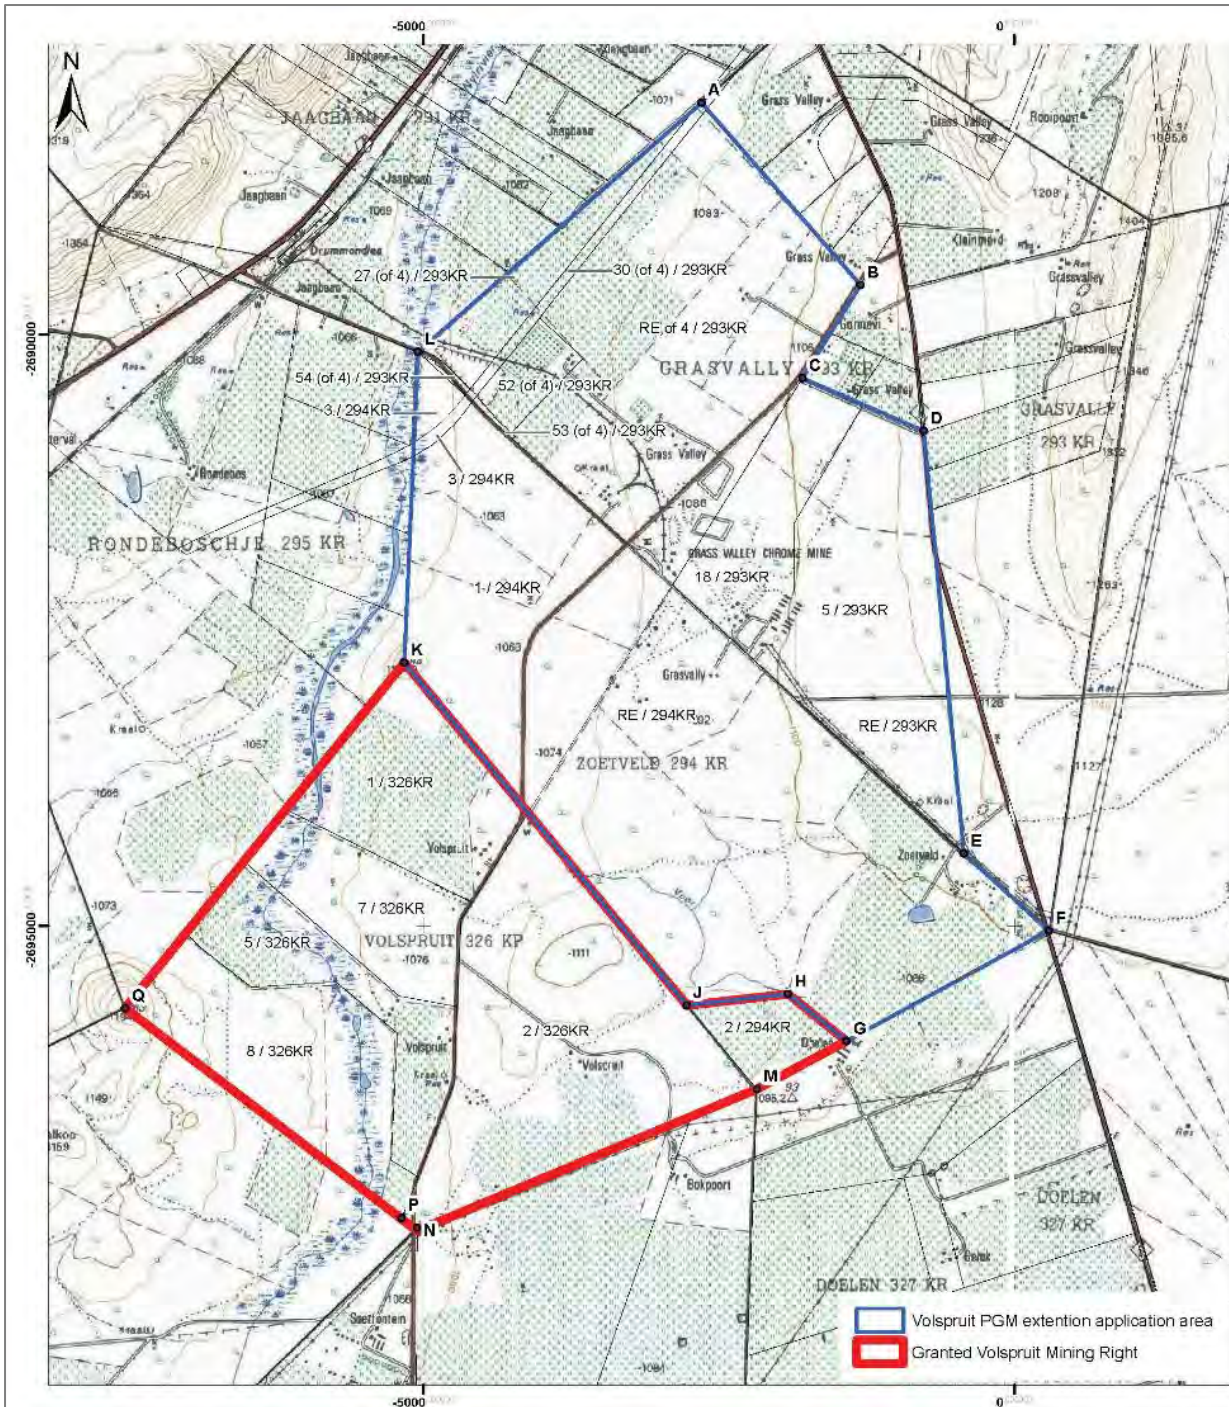

By post: P O Box 71279, Bryanston, 2021

Sincerely,

Public Participation Office

NOTICE OF AN INTEGRATED APPLICATION FOR A WASTE MANAGEMENT LICENCE AND AN ENVIRONMENTAL AUTHORISATION ASSOCIATED WITH THE PROPOSED S102 AMENDMENT OF AN EXISTING MINING RIGHT HELD BY VOLSPRUIT MINING COMPANY (PTY) LTD, MOGALAKWENA LOCAL MUNICIPALITY, LIMPOPO PROVINCE

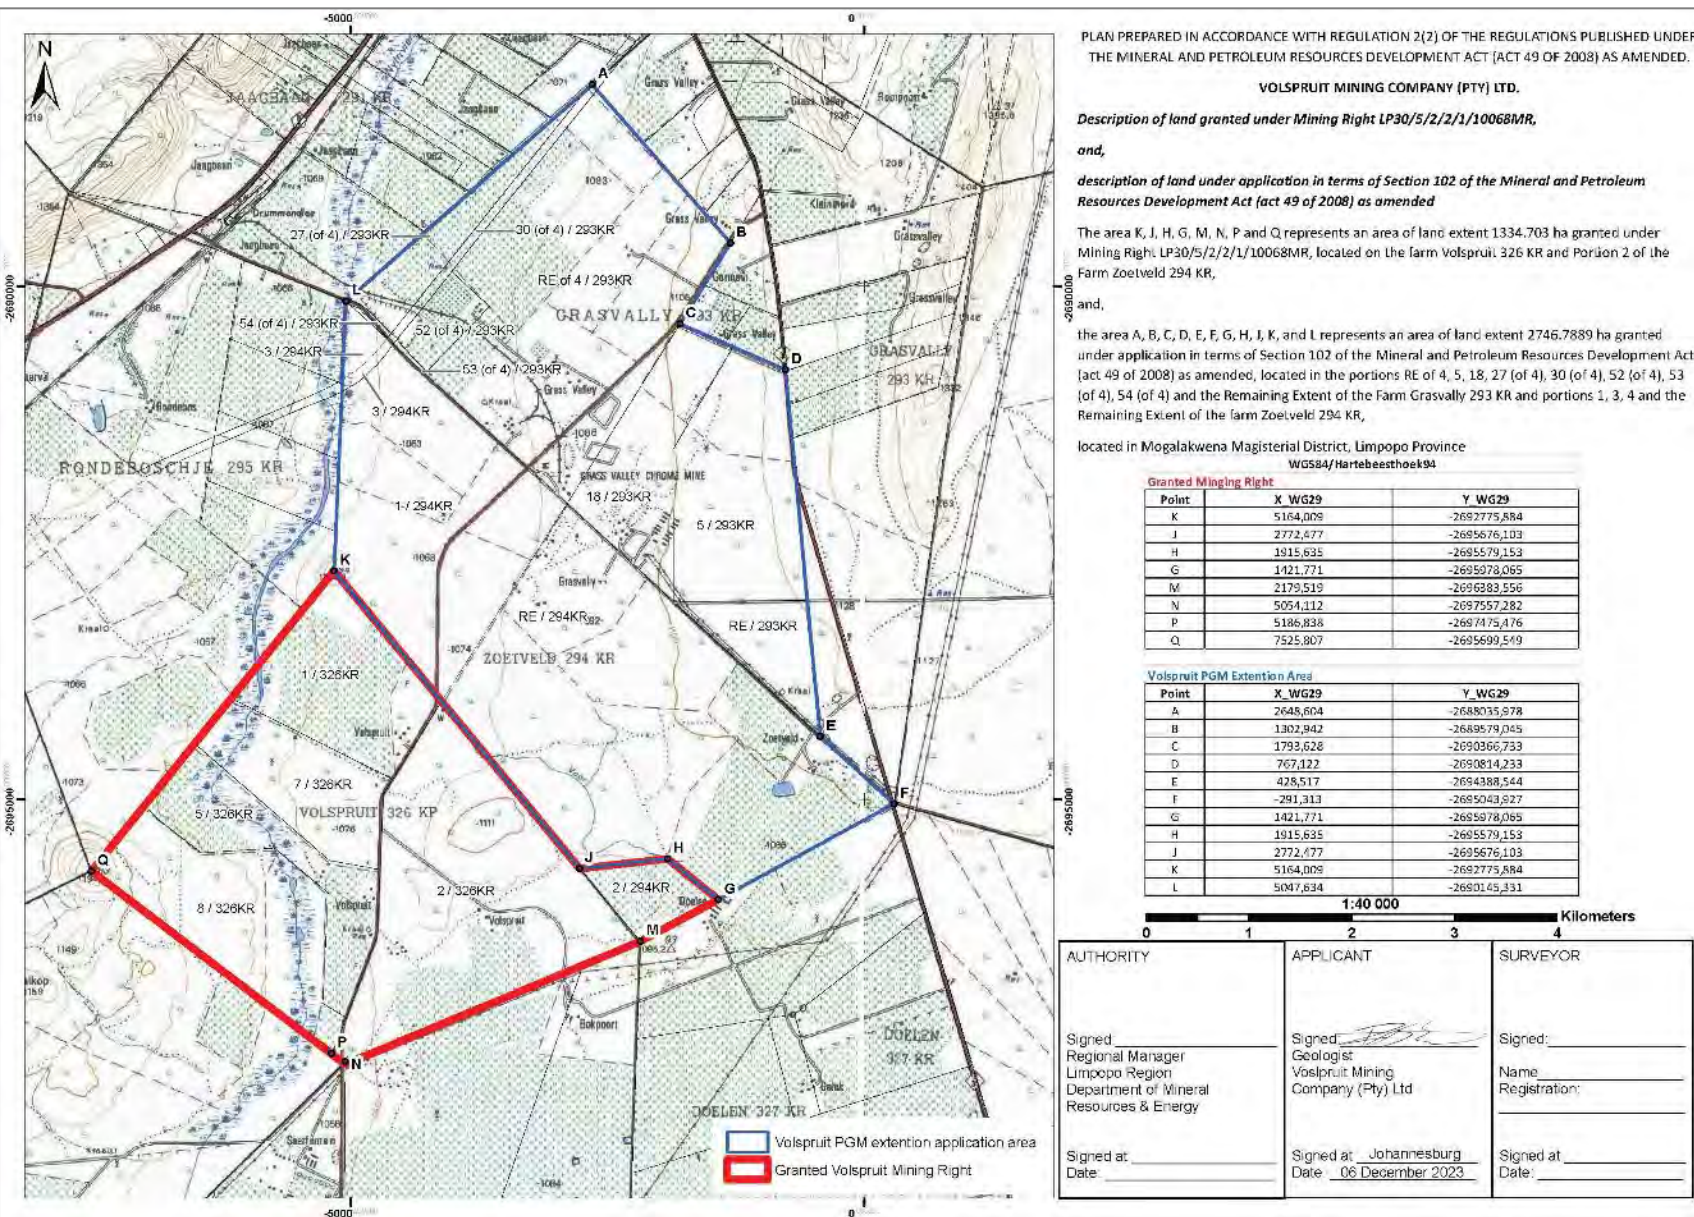

Notice issued in terms of the National Environmental Management Act 107 of 1998 (NEMA); the Environmental Impact Assessment Regulations, 2014 (as amended) (EIA Regulations); the National Environmental Management: Waste Management Act 59 of 2008 (NEMWA).

Volspruit Mining Company (Pty) Ltd (the Applicant) is the holder of a mining right over the farms Volspruit 326 KR and Portion 2 of the farm Zoetveld 294 KR situated in Mogalakwena Local Municipality, Limpopo Province. The approved mining right area covers 1335,28 hectares (ha). The minerals approved for mining include Platinum Group Metals, gold, nickel and copper. The mining right (LP30/5/2/2/1/10068MR) came into effect on 4 October 2017, the date on which the Environmental Management Programme (EMPr) (LP30/5/2/2/1/10068EM) was approved in terms of Section 39(4) of the Mineral and Petroleum Resources Development Act 28 of 2002 (MPRDA). The mining right was awarded for a period of 30 years. No mining has commenced as yet.

After issuing of the mining right, and based on various optimisation and environmental studies, the Applicant changed the layout and location of the waste rock residue stockpile, and the layout of the north pit and the tailings residue stockpile from what was previously approved. The eastern boundary of the north pit was modified as a part of the mine's optimisation studies. The western boundary of the north pit was moved further away from an adjacent wetland as an extra mitigation step, in accordance with the most recent delineation of the wetland. The proposed waste rock residue stockpile will comprise the overburden or natural rock from the area (waste rock) removed in order to access the mineral containing rock (ore) which will be processed for recovery of the saleable products. The tailings residue stockpile on Volspruit mine will comprise the left-over material after recovery of minerals (crushed and treated through the mineral recovery plant), commonly referred to as tailings.

The activities that will form part of the proposed extended mining right area will be located in the Portions RE of 4, 5, 18, 27 (of 4), 30 (of 4), 52 (of 4), 53 (of 4), 54 (of 4) and the Remaining Extent of the Farm Grasvalley 293 KR and portions 1, 3, 4 and the Remaining Extent of the farm Zoetveld 294 KR (see map below). The extended footprint required for the proposed activities is 2746.79 ha.

The proposed change to the mining right requires approval of an Environmental Authorisation from the Department of Mineral Resources and Energy in terms of the NEMA and

conditions included in the approved EMPr. A Waste Management License, in terms of the NEMWA, needs to be obtained for the establishment of the waste rock residue stockpile and the tailings residue stockpile. The Applicant will furthermore be required to submit an application in terms of Section 102 of the MPRDA to the amendment the mining right to include the additional area needed for optimisation.

The Applicant appointed EcoPartners (Pty) Ltd (EcoPartners) as the independent Environmental Assessment Practitioner to conduct a Scoping and Environmental Impact Report process required as part of the Environmental Authorisation and Waste Management Licence application. Solarys (Pty) Ltd (Solarys) was appointed by EcoPartners to conduct the public participation process required as part of the S&EIR.

INVITATION TO REGISTER AS AN INTERESTED AND AFFECTED PARTY (I&AP), TO COMMENT AND ATTEND A PUBLIC OPEN DAY

Stakeholders are invited to register as I&APs and to lodge written comments on the Draft Scoping Report by Friday, 23 February 2024. The Draft Scoping Report will be available for public review and comment from Monday, 22 January to Friday, 23 February 2024 (30 days). The Report can be accessed at the EcoPartners website at www.ecopartners.co.za. A printed copy of the Report is available at the Mogalakwena Library, 55 Van Riebeeck Street, Mokopane.

I&AP'S ARE INVITED TO ATTEND A PUBLIC OPEN DAY AS INDICATED BELOW:

Date and time: Saturday, 3 February 2024, any time between 09h30 and 16h30
Mokopane (Potgietersrus) Bowls Club, 20 Wilge St, Chroompark, Mokopane , GPS Coordinates: 24°12'36.0"S 28°59'

FOR MORE INFORMATION, PLEASE CONTACT:

Public Participation Office | Telephone, SMS or WhatsApp: 076 677 1235
